End Of Fabricating Plant Strikes Depends On U.S. Action

RED CROSS DRIVE FOR \$52,900 WILL START ON FRIDAY

Howard B. Cummings, named as chairman of the 1946 Red Cross Fund campaign by Lawrence County chapter chairman J. Glenn Berry, announces the opening of this year's drive Friday morning, with \$52,900 to be raised in this county.

One Thousand Workers
Less than last year's goal, this quota will still require the staunch efforts of approximately 1,000 capable workers and division heads in order to go over the top. Over forty-two thousand dollars of the county quota is to be raised in and around New Castle, and although the campaign nationally runs through March, Mr. Cummings hopes to finish the local drive in not more than two weeks.

This is a period of transition for the Red Cross, with many of its wartime services still in operation, its Home Service work increasing, and its peace time activities such as disaster preparedness and water safety coming to the foreground again. Overseas and hospital work continue to demand a large share

PA NEWC OBSERVES

Another basketball season is sliding into history. Most of the school leagues have completed their schedules, and except for a few post season contests the winter sport is near an end. A few weeks respite for the athletes and baseball will appear on the horizon.

Keep up your gardening program. The war is over, but from the nation's capital the warning is given that home gardening efforts must be continued this summer to aid in badly needed food production.

This is the last day of February as you are perhaps well aware, and many guesses are being hazarded as to how March will make its entry after midnight tonight. Unless there is a big change in the weather conditions this afternoon or evening, it looks like March would come gently moving in like a lamb.

Tomorrow marks the opening of the annual Red Cross campaign in Lawrence County. Although the quota for the year has been reduced for the county, due to the end of some wartime features, there is still a huge need for the Red Cross work, and for adequate support of its funds.

A local citizen stopped Pa Newc on the street, Wednesday and stated that he was sitting in the Cathedral auditorium, the other evening, and the thought occurred to him "How do they replace the bulbs in the large chandeliers that are suspended over the seats?" Perhaps the janitors at the Cathedral could solve the problem for him.

With the rivers subsiding to normalcy once more high water marks are noticed on many of the buildings along which the swollen waters flowed. Grass and small trees have been flattened along the banks and much driftwood and debris has been left by the ebb.

Ten Are Seeking Place As Coach

School Board Will Probably Name New Basketball Coach Friday Evening

Unless something unforeseen develops between now and Friday night, March 1, the New Castle School board will probably select a basketball coach for the Senior High school team that night. In two previous meetings, at least one member has been absent for some valid reason, and no action was taken. It is thought Friday night will see all nine members present at 8 o'clock.

The coach selected will succeed Phil H. Bridenbaugh, who has handled football and basketball for many years here. Mr. Bridenbaugh told the board some time ago that it was difficult to handle both sports inasmuch as the training season for basketball started before football season was over. The board agreed with Mr. Bridenbaugh's stand in the matter.

The field of candidates for the job is an outstanding one. There are at least three candidates with excellent records and there seems no doubt that a competent coach will be secured.

Teachers Colleges To Seek More Funds

HARRISBURG, Feb. 28.—(INS)—The presidents of Pennsylvania's 14 state teachers colleges were expected today to seek additional funds in order to absorb enrollment overflows from Pennsylvania State college without jeopardizing teacher training programs.

They will meet at Harrisburg tomorrow to draft a program for making Penn State curricula available in teachers colleges for veterans.

Hundred Million Dollar Campaign To Start Friday

Red Cross Starts Drive For Largest Peacetime Fund Campaign

WASHINGTON, Feb. 28.—(INS)—The American Red Cross tomorrow launches its largest peacetime fund campaign, in which the national goal is set at 100 million dollars.

President Truman will climax the opening day of the drive with a radio appeal to be broadcast from coast to coast over four networks at 9:55 p. m. (EST).

The President by proclamation has designated March as Red Cross month.

Minimum Needs
Basil O'Connor, Red Cross national chairman, declared today that 100 million dollars "represents absolute minimum needs if the Red Cross is to meet its obligations to our men in uniform and naval hospitals, and veterans."

More than three million volunteers will begin a nationwide house to house canvass early tomorrow morning.

Harvey D. Gibson, financier who served from 1942 to 1945 as American Red Cross commissioner to Great Britain and western Europe, is directing the national campaign. He declared:

"The Red Cross has a tremendous task ahead. The men and women of our occupation circles are depending on us now more than ever."

Gibson pointed out that almost 7,000 Red Cross workers still are overseas and that 10,000 are stationed at camps and hospitals in the United States.

Not Withdrawing Declares Pauley

Nominee For Undersecretary Of Navy Declares Senate Will Vote On His Name

WASHINGTON, Feb. 28.—(INS)—Edwin W. Pauley declared flatly today that he intends to see his nomination to be undersecretary of the Navy go to the Senate floor for a vote.

The California oil man and former Democratic national treasurer said he has no intention of asking President Truman to withdraw his nomination at the conclusion of the current stormy hearings before the Senate Naval Affairs committee.

Not Withdrawing
Pauley told International News Service: "I am not going to withdraw. In spite of all the rumors I have not been asked to withdraw. I intend to see this thing through to a vote on the floor of the Senate."

Pauley's statement was made as administration pressure mounted for a withdrawal and as the Senate committee raked over details of the 1939 California oil control referendum fight in which, one witness said, Pauley deserted the independent producers to line up with Standard Oil of California.

Will Introduce Bill Extending U. S. Draft Law

WASHINGTON, Feb. 28.—(INS)—Rep. May (D) Ky., chairman of the House Military Affairs committee, announced today that he will introduce next week a bill extending the draft for an additional six months and changing induction ages to cover men between 20 and 30.

May's bill would extend selective service from May 15 to November 15. It would exempt fathers, and youths 18 through 20. At present, men aged 18 to 26 are taken.

U. S. MAY PUBLISH CHARGES SPAIN AIDED AXIS WAR

WASHINGTON, Feb. 28.—(INS)—Foreign diplomatic sources declared today that the United States has asked Britain and France to agree upon a course of action to be taken should she publish a "white paper" charging wartime co-operation of Spain with the Axis.

The revelation came after the State Department had refused to confirm London reports that the United States had asked Britain and France to agree to the setting up of an interim government should the regime of Generalissimo Francisco Franco fall.

The United States was expected to make public the text of the note as soon as London and Paris agreed. This, it was said, might be later today.

Views Differ On Vandenberg's Speech On Foreign Policy

WASHINGTON, Feb. 28.—(INS)—Colleagues of Sen. Vandenberg (R) Mich., today appraised as "able" and "needed" his far-reaching speech calling for a firmer foreign policy, especially toward Russia.

One senator said, however, that he thought the United Nations delegate's report on UNO's achievements was "colored by wishful thinking."

Another said the Michigan Republican "tipped the scales against Russia."

Wishful Thinking
Sen. Willis (R) Ind., lauded Vandenberg's speech—though he said thought it involved "wishful thinking." Willis said he "was glad that Sen. Vandenberg was frank and realistic about Russia." The Indiana Republican added:

"I don't want to be an alarmist,

Housing Program Of Truman Meets Much Opposition

Congressmen Assail Several Features Of Proposed Emergency Housing Plan

**ASSERT MATERIALS
NEED, NOT NEW LAW**

WASHINGTON, Feb. 28.—(INS)—President Truman's emergency housing program is in jeopardy in the house today.

Two days of debate on the Patman housing bill have brought forth a welter of speeches from both Democrats and Republicans, assailing the measure's shortcomings.

Keynote of the opposition was struck by Rep. Carlson (R) Kan., who told the house "we're not going to build these houses with speeches, we're going to build them with materials."

Carlson added:

"I'm just not going to vote for a bill that increases regimentation at a time when it should be relaxed."

Lack Of Materials
Rep. Barden (D) N. C., echoed Carlson's attack with the declaration that the "big obstacle is not lack of legislation like this, is lack of production of building materials."

Opponents repeatedly assailed the bill as holding forth "false" promises to veterans that the measure would provide them with much-needed homes.

Rep. Dirksen (R) Ill., asked the house "why talk about a bill unless there are provisions for construction of materials?"

Rep. Gibson (D) Ga., flatly declared "it is my purpose to try to defeat the entire measure. Every move we make serves only one purpose."

Five Japanese Will Hang For Killing Airmen

SHANGHAI, Feb. 28.—(INS)—An American military commission today ordered five of 18 Japanese accused of the torture killings of three American airmen to be executed on the gallows.

Sentenced to death by hanging were Maj. Gen. Masataka Kuburagi, former chief of staff of the Jap 34th army; Warrant Officer Tsutomu Fujii; Sgt. Major Shozu Masui; Superior Private Osaburo Shirakawa and Sgt. Koichi Masuda.

Sentences of the 13 other defendants ranged from a life sentence for Col. Kameji Fukumoto to acquittal for Consular Policeman Shobei Hamada.

Of those sentenced to death, four actually admitted participating in strangling and beating the three American fliers while General Kuburagi was found guilty of planning the parade of the fliers through Hankow streets and their later brutal executions.

The doomed men stood up and bowed when sentence was passed by the commission, headed by Col. John Middleton of Chevy Chase, Md.

Report British Troops To Leave Indonesia Now

LONDON, Feb. 28.—(INS)—A Reuter New Delhi dispatch said today British General Sir Claude Auchinleck had announced withdrawal of British Indian troops from Indonesia would begin tomorrow.

The announcement followed Indian Congress party protests against use of the troops "for the purpose of suppressing the Indonesian National independence movement."

Thousands Of Subjects Surge Around Imperial Auto In Tokyo Streets

TOKYO, Feb. 28.—(INS)—Emperor Hirohito began another two-day personal inspection tour of the capital area today and created a traffic jam in downtown Tokyo when thousands of his subjects surged around the imperial automobile in unabashed curiosity.

Today's itinerary took the emperor to schools, shops and housing projects.

He made his first visit to a Tokyo department store and it was in front of this structure that crowds gathered to get a look at the emperor and to touch his automobile.

The emperor chose the Isetan department store, which was undamaged during the war, for his inspection and saw impressive displays of everything from radios to living pens which Jap peacetime industry has produced.

Report Spanish Border Is Sealed

MADRID, Feb. 28.—(INS)—Reports the Spanish government had sealed the French border in anticipation of a similar French move scheduled for midnight tonight were corroborated by the French embassy today despite official Madrid denials.

French embassy spokesmen said the entire 260-mile frontier had been sealed from the Spanish side some 26 hours in advance of the French action which the Quai d'Orsay declared would affect virtually all cross-border traffic and communications.

Generalissimo Francisco Franco's foreign office, admitting frontier guards could block the border at their discretion, denied such an order had been issued or was planned by the Spanish government.

The second person seized was said to be in a London prison but will be taken to Canada in a few days.

Both men were described as "citizens who had served in the armed forces."

Mrs. Charles Fleming of Rose avenue leaves this evening for Los Angeles, Calif., where she expects to visit for a month with her son and daughter-in-law Mr. and Mrs. Charles Fleming, Jr.

LONDON, Feb. 28.—(INS)—The London Evening Star said today that two men have been arrested in England in connection with the Canadian espionage hunt and the seizure of a third is expected soon.

The newspaper said that one of the men already has been flown to Canada, where it has been disclosed that atomic and radar secrets have leaked out to Russian channels. The man was kept in handcuffs. It was said, and taken to the dominion in a special plane.

The second person seized was said to be in a London prison but will be taken to Canada in a few days.

Steel Strike Is Not Over Yet For Smaller Plants

Many Small Fabricating Plants Are Facing Crisis As Strike Continues

**PRICE RELIEF IS
NEEDED AT ONCE**

PITTSBURGH, Feb. 28.—(INS)—The steel strike may be over for the big basic steel producers but many small fabricators throughout Pennsylvania and the nation today were still "down" and almost "out."

A spokesman for the Tri-state Industrial Association declared in Pittsburgh today that some small steel-using manufacturers were faced with the prospect of closing their doors for good.

He asserted:

"Without a doubt some small concerns will fold-up unless the government comes through within ten days with price relief adjustments."

Still Strikebound
Forty-seven companies in western Pennsylvania, West Virginia and eastern Ohio were still strikebound as were hundreds of others in the country, the spokesman added. The companies employ more than 360,000 workers.

James S. Ervin, president of the Tri-state Association, declared previously:

"The continuing chaos of the steel

Says 7 A-Bombs Would Destroy New York City

ROSWELL, N. M., Feb. 28.—(INS)—The pilot who dropped the first atomic bomb on Hiroshima expressed the opinion today that seven atomic bombs would render New York City "absolutely helpless."

He is Colonel Paul W. Tibbets, Jr., of Orlando, Fla., now technical director of the fair task force which will drop an atomic bomb on a group of naval vessels in the Pacific about May 15.

The task force is conducting dress rehearsals in the Roswell area for the forthcoming scientific "laboratory" test in the Pacific.

Would Destroy Cities
Colonel Tibbets, in an exclusive interview with International News Service, estimated that five atomic bombs would put Washington, D. C., out of commission and that four such bombs would be sufficient to take care of Chicago.

San Francisco, New Orleans, and Miami, Fla., would be in a different category than inland American cities of a comparable size, according to Tibbets, because of their proximity to the ocean. Tibbets said:

"An enemy hitting at San Francisco might put some of its atomic bombs into the water, thereby deenergizing them. It would take more bombs therefore to wreck San Francisco than an inland city such as Kansas City."

Rev. C. S. Joshua Sees World Need Of Christian Leaders

Rouseville Divine, Former Pastor
Here, Gives Challenging Ad-
dress At Kiwanis Meeting

Deploping the lack of Christian peace in this so-called time of peace, Rev. C. S. Joshua, pastor of the Rouseville Methodist church, former pastor of the Croton Avenue Methodist church here, pleaded for the day when this will come about, in a stirring address before the New Castle Kiwanis club Wednesday afternoon.

He urged the Kiwanians to "carry on" in its work with this thought in mind. In this day of policy without principle; science without humanity, the world must carry on, with principles that give stability, to life, business, industry, and citizenship, the principles of Christ which will keep America safe.

In closing, he said, "May God bless America, with Christian laymen, Christian statesmen, Christian businessmen, Christian industrialists, and Christian labor leaders."

Ensign Keith Brooks, a graduate of Duke university and the Navy Supply Corps school at Harvard university, who is the guest of his parents, Mr. and Mrs. Sam Lewis, was a special guest of the club. Ensign Brooks is home on a brief furlough, en route to Hawaii where he will be assigned to advanced base duty.

Plans were announced for two coming meetings of special significance. The first of these events will be an address by Otto Lorenz, economist, market analyst, and management engineer, who will appear on March 12, under the auspices of the Kiwanis, with the other service club as guests.

The second will be a Ladies Night meeting on April 10, when the speaker will be Hon. J. deKanter, member of the Allentown Kiwanis club, who will speak about wartime conditions in Holland, where he was between 1938 and late 1945.

that a vote by his committee on universal compulsory military training will be postponed, perhaps indefinitely, pending a decision on continuation of the selective service act.

Hearings on his bill probably will open in April, he added, with Maj. Gen. Lewis B. Hershey, selective service director, slated as the first witness.

May's announcement was a surprise as there previously had been strong intimations that the military committee opposed any extension of the draft and that the chairman supported that stand.

Quarterly Meet Of Central Christians

Interesting Program Concerning
Visual Education Work Given
By Pittsburgh Man

Teachers and officers of the Bible School of the Central Christian church, Long and Pennsylvania avenues, met Tuesday evening for their quarterly meeting, with 40 present.

The meeting opened with a song service led by "Happy" Glass, followed by Superintendent Howard Martin's scripture reading and the prayer of Clifford Parks.

Special guests of the evening were Mr. and Mrs. Russell Hofmeister of Pittsburgh, with Mr. Hofmeister bringing greetings from the Central church, in Pittsburgh.

As a specialist in Visual Education work, Mr. Hofmeister brought many interesting suggestions in reference to the work, illustrating the talk by showing on the screen Bible stories. The speaker is a member of the Lake James, Indiana, Assembly faculty, where he teaches the subject.

Following the program, a social period was held, with Kenneth Zeigler and Harry Redman winners in the contests. Refreshments were served by Mrs. Isaac Davis, Miss Margaret Comenadow, Audrie Cromie and Mary Abraham.

HOUSING PROGRAM OF TRUMAN MEETS MUCH OPPOSITION

pose—to create more confusion and place more restrictions on the re-conversion program. It is definite that no one would build even a chicken house under this bill.

Features attacked in the measure are its "failure" to spell out the form in which veterans should be given preferences in the purchase of new homes, and the proposed 600 million dollar subsidy program to stimulate the production of scarce building materials.

Both features have been identified as vital by Housing Expediter William W. Wavitt, who formulated and announced the administration program to "kick" the housing shortage through the construction of two million 700 thousand dwelling units in the next two years.

NESHANNOCK GROUP TENDERS FAREWELL

Neshannock township volunteer firemen and ladies auxiliary members gathered Wednesday evening in the school house at a farewell social for Mr. and Mrs. James Allen and their daughter, Vivian, who leave Friday to take up residence in Florida.

An attendance of 70 was present for the occasion. James A. Rugh acted as toastmaster and introduced the speakers including A. H. Mellor, first president of the volunteer firemen's organization, who spoke and led the group in singing.

Mrs. James Messner, president of the auxiliary, presented Mrs. Allen with a farewell gift from the group. Arthur Cuy, for the firemen, presented Mr. Allen with a gift.

The honor guests responded briefly with expressions of appreciation. Refreshments were served at tables beautifully decorated with flowers and St. Patrick's Day suggestions in the decorations including green and white candles in crystal holders.

Committee on arrangements to whom the success of the evening was due was Edward Miller, Clyde Altman, Edward McKibben, and James Messner.

Past Noble Grands

Past Noble Grands of Rachel Rebekah Lodge No. 40, will meet with Mrs. Charlotte Conley, 938 Marshall avenue Friday evening.

A. A. U. W. PLANS SEWING TONIGHT

This evening at 8 o'clock in the home of Miss Elizabeth Stewart, 102 New Castle street, there will be a special meeting of the New Wilmington branch of the American Association of University Women.

The meeting will be in charge of Dr. Mary Purdy, head of the English department of Westminster college, and members present will knit and sew for the needy children of Europe under the direction of the Save the Children Federation, New York City.

NEW WILMINGTON GIRLS SETS MARCH 18 DATE

Miss E. Jane Brown, daughter of Mr. and Mrs. George W. Brown, of 431 Vine street, New Wilmington, has set March 18 at the date when she will be married to Paul E. Shaffer, son of Mr. and Mrs. Walter A. Shaffer, of 185 Neshannock avenue, New Wilmington.

The wedding ceremony will take place on that date in the New Wilmington Methodist church at 3:30 o'clock in the afternoon.

Announcement of the bride-elect's plans was made at a shower given for her recently by her sister, Miss Ellen Brown, in New Wilmington.

Games and cards were the pastime of the evening with prizes going to Miss Ethel Blake, Miss Jane Pitzer, and Miss Jeanette Drake. The Misses Jean and Betty Turner, of New Castle, were guests.

W. S. C. S. LUNCHEON MEETING AT CHURCH

Women's Society of Christian Service of the First Methodist church gathered in the church dining room for a luncheon on Wednesday afternoon preceding the regular monthly meeting.

Ruth Circle was in charge of program with devotionals on the subject "The Congo Gift Through the Cross" and discussion of the topic, "Planning in Africa for a Lasting Peace."

Miss Edna Dykeman conducted devotionals with scripture reading by Mrs. J. K. Hess.

Articles on "Spiritual Gifts From Africa" were read by Mrs. John Hodge.

On the musical portion of the program, Mrs. John Henning and Mrs. C. P. Cloak sang "Standin' in the Need of Prayer" and the W.S.C.S. ladies chorus under the direction of Mrs. James Moorehead sang two Negro spirituals.

Mrs. Dallas Sloan's topic was "The Star of Hope Is Risen"; Mrs. Henning discussed "Africa, a Gracious Land"; Mrs. Wilbur Sloan's subject was "Peace in African Life Threatened"; and Mrs. Michael Bowden talked on "African Childhood."

Mrs. W. R. Voorhis gave the closing prayer.

ORGANIZE NEW GUILD AT CROTON CHURCH

A Wesleyan Service Guild was organized recently at the Croton Methodist church parsonage, with Mrs. Owen Shields as hostess.

The meeting was in charge of Mrs. George D. Morris, Grove City district director of Wesleyan Service Guild work and member of the First Methodist church, New Castle. Mrs. Morris gave a very inspirational talk on how to organize the group, planning of interesting meetings and sidelights on the work of the guild throughout the conference.

Many future plans for the group were discussed, with a meeting to be held March 19 in the home of Mrs. Thelma Cwynar, 2061 North Ray street, when Mrs. Vivian Booth will be assistant hostess. Handbooks for the year will be distributed at this meeting, after which the nominating committee will meet.

ELTEKON CLASS AT D. W. SMITH HOME

Eltekon, class members of the First Methodist church were received in the home of Mr. and Mrs. D. W. Smith, of 234 Highland avenue, Tuesday evening, when Mr. and Mrs. Charles Phillips were joint hosts.

Devotionals were conducted by Mrs. Crovdon Cryser.

Highlight of the evening was the showing of technicolor moving pictures, taken at the group's December assembly. This feature was in charge of Crovdon Cryser. Games supervised by the hosts, were also enjoyed. Tokens were awarded to Charles Goodman and Sidney Lockley.

Later, tasty refreshments were served by candlelight at small tables.

Mrs. James Sanderson, of Durham, N. C., shared as a special guest.

MUFFLEY-WEISS EVENING WEDDING

In St. John's Lutheran church, Miss Carolyn Muffley, daughter of Mr. and Mrs. George E. Muffley, of 127 Fairfield avenue, became the bride of Charles Robert Weiss, master technical sergeant, United States Marine Corps, son of Rev. and Mrs. A. E. Simon, of 20 Winter avenue, at a lovely candlelight wedding ceremony at 6:30 o'clock Tuesday evening.

Palms, ferns and candelabra banked the altar for the exchange of vows in the double ring ceremony at which Rev. Simon officiated.

The bride, given in marriage by her father, wore a petal pink street-length dress and flower hat and wore an orchid corsage.

Bridesmaid, Miss Florence Turner, wore an aqua blue dress with matching gloves, black accessories, and a corsage of roses.

Raymond Deer, just returned from service, was best man.

Miss Lena Richards played a prelude of nuptial organ music and Miss Betty Trent, soloist, sang two favorite selections of the bride.

Following the ceremony, a reception was held at the home of the bride's parents, Mrs. Simon and Mrs. Sidney Turner were aides.

Buffet refreshments were served and the wedding cake was cut by the bride and groom prior to their departure on a honeymoon to Washington, D. C., and eastern shore points.

The newlyweds will continue to Cherry Point, N. C. where they will take up residence and where Sgt. Weiss will be stationed until June.

Both Sgt. and Mrs. Weiss are graduates of New Castle high school. Out-of-town guests included Miss Mary Shool, of Somerset, Miss Betty Beane, of Vandergrift, and E. Davis, of Pittsburgh. Others were from Apollo, Vandergrift, and Somerset.

WEDDING EVENT IN ZELIENOPLE

At a pretty candlelight service late Saturday afternoon Miss Mary Lou Somerville, daughter of Mr. and Mrs. Charles W. Somerville, of Beaver, became the bride of Robert Carl Glenn, son of Mr. and Mrs. J. Gail Glenn, of 310 East Grandview avenue, Zelienople.

The bride, given in marriage by her father, wore a gown of bluish satin, designed in classic simplicity, with a ruffled train and long sleeves. She wore a double veil, tiered which fell from a Juliet cap of pleated net, caught at the sides with seed pearls, and carried a white Bible adorned with a white orchid. For "something old" she wore a gold locket of her maternal great grandmother.

Miss Mary Alice Kline, of McKeesport, was maid of honor, and the bridesmaids were Miss Doris Wellington, of Beaver, and Lois Ann Courtney, of Bridgewater. Mr. Glenn served his son as best man and the ushers were Ira Glenn Stauffer, Lester Barvis and William Blume of Zelienople and Edward Stanley of Beaver.

Following the ceremony, a reception was held at the Penn-Beaver Hotel, Rochester, for 20.

The couple left on a wedding trip and after March 6 will be at home at 310 East Grandview avenue, Zelienople, where he is associated in business with his father in the Glenn Funeral home.

BUCCI GARCEWSKI WEDDING CEREMONY

Miss Florence C. Bucci, daughter of Mr. and Mrs. Edward Bucci, of 6071 Pearson street, and Adam A. Garcewski, son of Mr. and Mrs. Joseph Garcewski, of 1704 Hanna street, were united in marriage at a ceremony solemnized in St. Philip and James church on February 24. Rev. V. V. Stanekowski officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a gown of white brocade taffeta. Her veil fell from a crown of orange blossoms and she carried an arm bouquet of white roses and white carnations centered with an orchid.

Miss Florida Valentine, maid of honor, wore aqua, and Miss Helen Dutko, bridesmaid, wore pink.

Alex Kozel was best man and Armando Bucci was usher.

In the evening a wedding supper was served to the immediate families at the Sons of Italy Hall.

Mr. Garcewski received an honorable discharge from the army after three years' service, including 19 months overseas.

Mr. and Mrs. Henry Garcewski of Ambridge, were out of town guests.

FRIEDA POLENA'S BETROTHAL TOLD

Mr. and Mrs. Alex Polena of 119 Park avenue announce the engagement of their daughter, Frieda Polena, to Peter Mitchell of Detroit, Mich.

No date has been set for the wedding.

T. L. T. Club Meets

T. L. T. club met with Mrs. Jennie Drumm, North Mill street, on Tuesday evening.

Games were the pastime with Mrs. Elizabeth Carothers and Mrs. Alice Taylor taking part as special guests and prizes went to Mrs. J. Wimer, Mrs. Carrie Devore and Mrs. Amy Badger.

Later a lunch was served by the hostess assisted by Mrs. Elizabeth Patterson.

Next meeting will be March 26 with Mrs. Edna Nicholson, Chestnut street.

Company F To Be Inspected

Federal Inspection Of Guard Unit Announced For March 26

SOME VACANCIES YET TO BE FILLED

Company F, 16th Pennsylvania Infantry, will be federally inspected on March 25. Capt. John D. Albert announced today. Weapons, records and equipment of the company will be inspected at 4 p. m., and the training of the company at 8 p. m., in the Joseph V. Cunningham Armory at Cascade Park.

An open house will be held in the armory on the night of the inspection with formations, drills and training tests open to the public. There are at present several vacancies existing in the local unit, due to draft calls by the federal armed forces. Enlistments are now being accepted to fill these vacancies. In order that the company be at full authorized strength for the coming inspection and for the summer training period, who can contribute to their knowledge and who wish to continue their military training, and young men in the 17-18 year pre-induction age group are particularly urged to investigate the opportunities offered by the Pennsylvania Guard. Recruiting officers will be at Cunningham armory, Frank and Huron avenues, each Monday and Tuesday evening from 8 to 10.

TWO BUILDING PERMITS

Charles Joseph, 443 East Long avenue, has been granted sanction by the city to construct a wire fence at that address, and Paul S. House Approves Agriculture Funds

WASHINGTON, Feb. 28.—(INS)—The House Appropriations committee Wednesday approved \$1,102,549,017 in new funds and loan authorizations for the Agriculture department for the 1947 fiscal year. Included in the bill, which was reported to the House, were 300 million dollars for conservation program payments to farmers, 250 million dollars for rural electrification loans, sixty-seven million dollars for rural rehabilitation loans, fifty million dollars for farm tenancy loans (including twenty-five million dollars for veterans) and fifty million dollars for the school lunch program.

Simultaneously, the committee announced approval of another recession measure cancelling \$7,112,230,059 in unexpended war time appropriations and contract authorizations, largely for the Army and Navy.

It was the fourth recession measure and brought to \$61,260,602,152 the cutback in unused wartime appropriations and authorizations.

Mrs. Valera James of the county treasurer's office is back from Florida where she visited for the past four months.

WHAT ABOUT THAT 60 CENTS?
With the unerring scent of a blood hound, County Controller Andrew M. Dodge tracks down any monies owed to the county, and it makes no difference how old they are. In the controller's report this year you will find a lien of 60 cents owed the county since 1899 and one for 90 cents for 1900.

In nosing through the records some months ago Andy found these old liens and promptly they were placed in the accounts receivable. Now he claims the liens will be wiped off and the county will get the money. That's going a long way back for 60 cents.

HARLES CORPUS
Before Judge W. Walter Braham on Wednesday morning a rather knotty habeas corpus case was heard, one in which Mrs. Ruth Feirenbach asked custody of her two-year-old daughter Karen Ruth. It was charged that the father of the child, Thomas Feirenbach, had taken his daughter from the mother a month ago and since then had had her in the custody of his mother.

Mr. Feirenbach recently returned from overseas service but he and his wife lived together but a few weeks before they split up. It was then testified that Mrs. Feirenbach had gone to Norman, Okla., the defense claiming it was with a sailor named Boyd.

Mrs. Feirenbach was a hesitant witness and at one point said she refused to answer the question put. She was warned by Judge W. Walter Braham that she had to answer and upon her continued refusal, the judge called in Deputy Sheriff Alan Thomas and was about to commit the young woman to jail. She then answered.

Judge Braham awarded the custody of the little girl to the mother, but gave her into her father's custody for the last ten days of each month, with the provision that each of the parents were to be permitted to see the child at reasonable times.

In announcing his decision Judge Braham said he found both litigants had been guilty of misconduct and warned Mrs. Feirenbach that any further breaches might lead to another order.

JUDGE TO SPEAK
Judge W. Walter Braham is in Pittsburgh today where he is scheduled to address the Allegheny County Bar on "Evidence." The Allegheny County Bar holds an institute each year at which various phases of legal procedure are discussed.

INTERNATIONAL FLAVOR
ATLANTIC CITY, N. J.—(INS)—Racing in Atlantic City this summer is likely to have an international flavor. The leading stables now campaigning at the Hipodromo de las Americas in Mexico City will invade the seashore with the possibility of a number of stellar South American horses being seen in competition. It was announced by Fred H. Parks, general manager of the Atlantic City Racing Association.

A Detroit wife complains her husband hit her with a pie. Could be he's in training for a career as a movie comedian.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends each wood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Against Atomic Energy Commission

WASHINGTON, Feb. 23.—(INS)—Maj. Gen. Leslie R. Groves, chief of the Army's atomic bomb-making project, disagreed Wednesday with President Truman's recommendation for a three-member full time commission to control atomic energy.

commission, Groves told the Senate Atomic committee that it should include three or four active or retired officers from the armed services.

It was emphasized that in testimony before the committee, Groves was giving his "personal opinion" and not reflecting Army views.

BAR MITZVAH FOR SIDNEY CORNRICH

Mrs. Anna Cornrich, of Scotia street, announce the Bar Mitzvah (confirmation) of her youngest son, Sidney Cornrich, to be held Saturday morning, March 2, at 8 o'clock, in Tifereth Israel synagogue. Rabbi Hyman Krash will officiate at the services, and all friends are invited.

Sidney will deliver a speech during the services, and will read portions of the law.

At the conclusion of the services, a reception will be held for friends and relatives in the social rooms of the synagogue.

EMANON CLUB GIVES MEMBER FAREWELL

Emanon club members at a meeting Wednesday evening at the home of Mrs. Robert Allen, Wilmington avenue, tendered a farewell to one of their number, Mrs. James Allen, who leaves Friday for Florida to make her home. She was presented with a gift from the club.

Tables of bridge were in play and prizes were won by Mrs. Harlowe Hill, Mrs. John Robertson, and Mrs. Jesse Joseph.

In two weeks the club will meet at a tea room for dinner to be followed by a theater party.

MIMI KIRK ON NEWS STAFF AT CHICAGO U

CHICAGO, Ill., Feb. 28.—Miss Marguerite Kirk, daughter of Mr. and Mrs. Herbert S. Kirk, 305 Highland avenue, New Castle, Pa., is a member of the news staff of the Maroon, student newspaper at the University of Chicago, now celebrating its 54th year of continuous publication.

Miss Kirk, who attended New Castle high school, is enrolled in the first year of the college, which accepts students after the sophomore year in high school for a four-year course devoted entirely to general education. She expects to receive the bachelor's degree in 1949.

Pogozlec-Reese
An impressive ceremony in the parish house of St. Agatha church, Ellwood City, united in marriage Miss Gertrude Amelia Pogozlec, daughter of Mr. and Mrs. Joseph Pogozlec, of the Ellwood-Wampum road, and Ernest Paul Reese, son of Mr. and Mrs. Ernest Reese, of Davidson avenue, Ellwood City, on February 18.

Rev. Francis Paul read the double ring service for the exchange of vows.

Miss Frances Pogozlec was her sister's maid of honor. William A. Reese served his brother as best man.

Following the ceremony, a breakfast was served to the bride party at the home of the bride's parents, followed in the afternoon by a dinner for 125 relatives and a reception for 200 guests in the evening in the C.I.O. hall, Ellwood City.

The newlyweds will reside temporarily with the groom's parents. Mr. Reese is employed at the National Tube Company, Ellwood City.

Ritz Club
Ritz club members met Wednesday evening at the home of Mrs. James Bartlett, Robinson street.

Card playing was the pastime, high score prizes going to Mrs. James Bonfigliengo and Mrs. Anthony Panella.

After the business meeting, the group met in a downtown tearoom and a delicious ravioli and chicken supper was enjoyed.

March 14 is the meeting with Mrs. James Bonfigliengo, Glass street.

BAIRD SOCIETY HAS FEBRUARY SESSION

Baird Missionary society members of Highland U. P. church were received Wednesday afternoon in the home of their president, Mrs. T. J. McFate Sr., of Park avenue.

Mrs. Fred Lipp, group chairman of the day, conducted devotionals. Mrs. M. M. Ingham, assisted by Mrs. John Haven and Mrs. Albert Batten, was in charge of the prayer cycle.

Mrs. John Street discussed "Race and Group Tensions" while Mrs. Frank Fehl's topic was "Moral Delinquency." Both papers were timely as well as instructive.

Mrs. Ingham, chairman, reported for the nominating committee. Officers nominated followed: president, Mrs. Frank Fehl; first vice president, Mrs. Ralph Davis; second vice president, Mrs. James Cole; recording secretary, Mrs. John Haven; corresponding secretary, Mrs. W. F. Johnston; treasurer, Mrs. Guy Aibel, and pianist, Mrs. M. M. Ingham.

Secretaries named are: thank offering, Mrs. C. J. Streib; efficiency, Mrs. S. G. Ligo; literature, Mrs. Fred Lipp; and temperance, Miss Grace McNulty.

Tea was served later by Mrs. Fred Lipp, Mrs. Samuel Moore, Mrs. Guy Aibel and Mrs. M. M. Ingham, hostesses.

The group will gather for a luncheon Wednesday afternoon, March 27, at 12:30 o'clock in the church.

EPWORTH GROUP HAS DINNER AT CHURCH
Members of the Young Married People's class of Epworth Methodist church gathered Tuesday evening in the church for a luncheon dinner. Mr. and Mrs. Donald Potter and Mr. and Mrs. William Johns were hosts for the delightful event.

During the business session, conducted by Mr. Potter, president, it was decided to change the name of the group to the Golden Circle class, signifying the golden wedding band. The class, which has pledged \$2000 to the building fund of the church plans to make a contribution each month toward that sum.

Various games, under the supervision of Mrs. Johns and Mr. Potter, were enjoyed later.

The class will assemble at the church for another luncheon dinner Tuesday evening, March 26.

ILLUSTRATED TALK AT TEA TONIGHT
Mrs. John Feizer, wife of the new pastor of the New Wilmington Methodist church, will present an illustrated lecture at the Wesleyan Service Guild's tea in the First Methodist church this evening at 8 o'clock.

Mrs. Feizer's subject, "Migrants Workers of America," will be of interest to members of the missionary societies of many churches which are studying migrant workers at the present time.

BRIDE AND GROOM LUNCHEON GUESTS
Mr. and Mrs. Joseph Windl of Maryland Lane, Walpole, entertained at luncheon Wednesday their nephew, Lawrence Breese, of Butler, and his bride, the former Betty Lou Lough.

Luncheon table decorations were carried out in yellow and white. Music furnished entertainment after luncheon.

On behalf of a group of friends here, Mrs. Windl presented the newlyweds with a useful gift.

Mr. Breese, now 20-day furlough, will leave Friday to report at Indian town Gap.

ROSE AVENUE CLUB AT DOUGLAS HOME
At the home of Mrs. Charles Douglas of Rose avenue, members of the Rose Avenue Bridge club gathered on Wednesday evening.

There were two tables of bridge in play, and prizes were awarded to Mrs. Jack Kenehan, Mrs. P. J. McCarty, and Mrs. Charles Fleming.

A delicious lunch was served by the hostess assisted by Mrs. E. J. Flansburg.

The next meeting is scheduled to be entertained in the home of Mrs. E. J. Flansburg of Rose avenue.

Marine Corps To Open Recruiting Office March 4

Will Open Rooms In Post Office Building To Interview Applicants For Corps

New Castle will be invaded by the U. S. Marine Corps, Monday, March 4, for the purpose of interviewing men between the ages of 17 and 25 inclusive, who are interested in joining this branch of the armed forces.

The interviewing will be conducted by Sgt. P. R. Sasse, and Sgt. W. Klimentko, both of whom are veterans of the campaigns in the Pacific theater of operation.

Men may enlist in the Marine Corps for a period of two, three or four years, and it is pointed out that joining the corps will not interfere with their education for they may complete high school or college while in the service.

Studies are offered free by the Marine Corps Institute which offers a large variety of courses through its academic, business, science, automotive, aviation and technical branches.

THE PARENT PROBLEM

(Continued From Page Four)

My mother grows angry when I criticize her, especially when the girl I am going to marry comes to our home."

Appreciate Parents

I tried to get this young man to see that he was wrong, that with the superior opportunities which his parents had helped him have he should learn to appreciate his parents and, instead of apologizing to his fiancée for them he should help her appreciate them; also that with such a proper attitude by him and her toward them, he and his wife-to-be might gradually win his parents to want to change some of their ways; that, moreover, if they didn't, what of it? After all, their ways were a part of their precious love and personality. I think he got the point.

Another, a graduate from a famous engineering college, also came to me on a similar mission. His parents, too, had scrimped and sacrificed to send him to college. Yet he was considering changing of his name to conceal his "nationality" because, as he said, "I am ashamed of the crude ways and manners of my parents. I want to marry an American girl."

He was also suffering from worries he could not understand and could not sleep well. That was ten years ago. A few years later he paid me a visit, bringing a girl with him whose parents were of his nationality background. Happily he told me, "This is the girl I am go-

ing to marry and I want to assure you now that I am very proud of my name and my parents."

On the other hand, the rank and file of children 6 to 20 years of age regardless of cultural backgrounds, are often very much embarrassed needlessly at the everyday manners of their parents in the presence of these children's friends. This may apply to any of us parents.

We suppose we have worries and anxieties over the conduct and manners of our children. We ought to know that our children have equal even greater, worries and anxieties over us, being forever fearful lest they be mortified at our ways toward their friends. When we carefully examine ourselves, we have to admit there are good reasons.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

Douglas type can. Though not very clear-headed generally, it would seem that the gentlemen now engaged in trying to make it impossible for Mr. Truman to run would have enough political sense to know this. They ought to know, first, that the odds are all against Mr. Truman's quitting, which would be "to let his party down"; second, that they are heavy that he will be nominated. They ought to know that if he is nominated they will have to support him as they have no place else to go. And they ought to know that the present campaign of general disparagement is playing the Republican game.

(Distributed by McLaughlin Syndicate)

YOUNG MOTHERS SHOULD KNOW

It is important to know that children are more subject to colds if their resistance is low due to insufficient vitamin A. Father John's Medicine builds resistance to such colds by supplying plenty of vitamin A. It also gives prompt relief from coughs and throat irritation due to colds by soothing the throat.

GOOD FOR ALL THE FAMILY

WASHINGTON REPORT

(Continued From Page Four)

something to prepare for with great care. Stacks of reading material were piled high on the senator's desk. All the necessary preparations were made in advance.

In 1914, the late Senator Theodore Burton of Ohio spoke for 12 hours, 10 minutes, clad in a house coat and bedroom slippers, against the rivers and harbors bill.

Filibusters have been known to wreck the health of participants. The late Senator Wesley Jones of

Washington never recovered from his speech of 13 hours, 15 minutes, against the ship registry bill in 1915. During the same filibuster, Senator Reed Smoot of Utah spoke for 11 hours, 35 minutes.

Speeches of eight or nine hours were commonplace years ago. Senator Coe Crawford of South Dakota spoke nine hours, five minutes when he conducted a two-day filibuster against seating William Lorimer of Illinois, while Senator Wesley Jones contributed approximately eight hours to the same filibuster.

Old timers on Capitol Hill fear their likes will never be seen again. A filibuster by "Bob" La Follette of Huey Long once packed the Senate galleries. Today, a mere hand-

ful wanders in, sits a few minutes, and then, bored by the proceedings, walks out.

STUDENT NURSES STRIKE

WILMINGTON, Del. Feb. 28.—(INS)—Approximately 200 student nurses at Delaware hospital in Wilmington, staged a sit-down strike today in the hospital dining room. A spokesman said the girls sought the restoration of recently revoked privileges, but refused to clarify what the privileges were.

TROOPER—Among the first signs of spring to be reported were the dozen or more robins seen by Miss Pauline Turano near her Montgomery county home.

Health Talks

By DR. W. A. WOMER, City Health Superintendent

SORE FEET

Even though we all want to go on wheels nowadays, good feet are still very desirable.

When our feet are comfortable and in good condition we do not think much about them. When something goes wrong we realize how important they are.

Discomfort in the feet may be due to various causes. It may be due to diabetes or disease of the blood vessels or disease of the joints or bones.

It may be due to warts or disease of the skin or improper shoes. It may be due to syphilis or tuberculosis or some other disease which is not even suspected.

The feet are parts of the body just the same as the lungs or the heart. When any thing goes wrong, medical advice should be secured to find out where and what the trouble is.

The important thing is to have a good examination to find out the real condition of the whole body. Then proper treatment is more likely to be provided.

This year Grandpa plans to plant weed seed and hopes the result will be a pleasant surprise.

DOUBLE MENACE

PORTLAND, Ore.—(INS)—The thief who stole a German automobile from Alvin Bushman may punish himself, perhaps with death. The weapon was minus a locking pin, and if fired the exploding barrel may turn into a burst of shrapnel, inflicting serious or even fatal injuries.

EASTON—Joseph A. Kyle was quick to go to the top when he decided legislation was needed to halt cat shooting. When one of Kyle's cats was shot on his Mt. Bethel farm, he wrote Gov. Edward Martin a letter demanding legislation to prevent the shooting of cats used to battle rats.

A People Finding A Homeland
Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL
The International Uniform Lesson on the above topic for March 3, is Joshua. The Memory Verse being Deut. 8:10, "Thou shalt bless Jehovah thy God for the good land which He hath given thee."
After the death of Moses, the great law giver, Jehovah appointed Joshua to lead the people into the promised land.
Joshua, you will remember, had been chosen by Moses as his successor, and he had also been one of the men sent to spy out the land and returned to Moses with a favorable report and the advice to go in and conquer, with the help of Jehovah.
Jehovah told Joshua: "Moses my servant is dead; now therefore arise, go over this Jordan, thou, and all this people, unto the land which I do give to them, even to the children of Israel."
Wander Forty Years
Forty years the children of Israel had been wandering in the desert. Now they were to have a permanent home chosen for them by Jehovah. If they had the courage and foresight to put their faith in God and conquer it, with His help.
Joshua commanded the people to prepare to pass over the river Jordan. The Lord promised him that the water of the river would be

to until he gave the word. Six days they marched around the frightened city, returning to their camp at night. On the seventh day they rose at dawn and compassed the city seven times. At the seventh time, when the priests blew the trumpets, Joshua told the people, "shout; for the Lord hath given you the city." So the people shouted with a great shout, and the priests blew their trumpets, so that the wall fell down flat, and the Israelites entered, and captured the city.
Divided Land Among Tribes
Joshua was a great military leader, and after the land was conquered he divided it up among the tribes of Israel, although not even in her greatest days, under David and Solomon, did she ever fully acquire the territory God has assigned her.
A long time after these events, Joshua called for all the Israelites and their elders, and told them that he was an old man and had not much longer to live. He reminded them of all the Lord had done for them, and how now they were inhabiting the land that had been promised to them.
"Be ye therefore very courageous to keep and to do all that is written in the book of the law of Moses, that ye turn not aside therefrom to the right hand or to the left. . . . But cleave unto the Lord your God, as ye have done unto this day."
Just before he died, at 110 years old, Joshua again called his people before him and reviewed their wanderings and the Lord's blessings, and warned them not to be led away from worshipping the Lord by false gods.
"And if it seem evil unto you to serve the Lord, choose you this day whom ye will serve: whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites, in whose land ye dwell; but as for me and my house, we will serve the Lord."
"And the people said unto Joshua,

Lt. David Marvin Given Bronze Star For Pacific Service

Navy Radar Officer Gets Citation
For Work During Philip-
pines Invasion

Lieut. David D. Marvin, USNR, son of Mrs. Vera Marvin, 137 Leas-
ure avenue, New Castle, has been
awarded the Bronze Star medal for
his meritorious service as radar
technical officer attached to the
staff of Commander Support Air-
craft, Seventh Fleet, during assault
operations against Leyte and Luzon
in October 1944.

The citation commended the
young naval officer for maintaining
the command's radar and radio
equipment in operating condition
during the campaign against the
Japanese. Through his determined
efforts he contributed to the ac-
curate detection of enemy craft
which raided the U. S. aircraft
forces.

In Island Assaults
Lieut. Marvin's citation signed
in the name of the President by
Secretary of the Navy Forrestal
reads as follows:

"For meritorious service as Radar
Technical Officer attached to the
Staff of Commander Support Air-
craft, Seventh Fleet, during assault
operations against Leyte and Luzon,
Philippine Islands, in October 1944.
Skillfully carrying out his impor-
tant duties, Lieutenant (then Lieut-
enant Junior Grade) Marvin main-
tained his command's radar and
radio equipment in excellent oper-
ating condition throughout the pre-
liminary phases of our campaign
against the enemy Japanese en-
trenched in this vital area and, by
his tireless and determined efforts,

contributed immeasurably to the
accurate detection and subsequent
destruction of enemy craft which
raided our forces in desperate at-
tempts to disrupt our aerial attacks.
Lieutenant Marvin's superb pro-
fessional ability, courageous con-
duct and conscientious devotion to
duty during a critical period in the
war against Japan reflected great
credit upon himself and upheld the
highest traditions of the United
States Naval Service."

Sartorial Club Conducts Meeting

Dinner-Meeting Held And Tailoring
Art Discussed By Local
Group Members

Members of the Sartorial club
met at the Union Calabro club Tues-
day evening for their dinner-meet-
ing.

After the delicious dinner, pre-
pared and served by Mrs. Louis
Gaspere, the business meeting took
place.

An interesting and educational
discussion on the art of tailoring was
held. A member, Frank Gillett,
previously absent due to illness, was
welcomed.

Card-playing was featured dur-
ing the social meeting, and prizes
were won by Louis DeCaprio and
Ector Tranquillo.

March 26 is the meeting at the
Unione Calabro club, president, Er-
menegildo D'Eletto in charge.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles
of tiny tubes or filters which help to purify the
blood and keep you healthy. When they get
tired and don't work right in the daytime,
many people have to get up nights. Frequent
erectile passages with smarting and burning
sometimes shows there is something wrong
with your kidneys or bladder. Don't neglect
this condition and long unable, restful sleep.
When disorder of kidney function permits
poisonous matter to remain in your blood, it
may also cause nagging headache, rheumatic
pains, leg pains, loss of pep and energy,
swelling, puffiness under the eyes, headaches
and dizziness.

Don't wait! Ask your druggist for Doan's
Pills, a stimulant diuretic, used successfully
by millions for over 40 years. Doan's give
happy relief and will help the 15 miles of
kidney tubes flush out poisonous waste from
your blood. Get Doan's Pills.

CONTRARY

—to the belief of those who have not had their
work done by us, our prices are reasonable and as
low, often times lower, than the jewelry store re-
pair departments.

Yes, it's hard to believe that such fine, high class
work can be done at the same price as work done
by lesser skilled workmen. The truth is this—the
highly skilled craftsmen of Time Service know just
what the trouble is, and just exactly how to repair
and correct it in the most efficient way, thus saving
time on the repair of your watch. These master
craftsmen do the job in the sure swift fashion of a
skilled surgeon who knows just exactly what he is
doing, and because of their knowledge there is no
hesitation.

Your watch is a precious possession and should be
treated as such. Its parts are delicate. So, when it
is broken, give it a chance. Bring it in to Time

AIM TO REDUCE HOME ACCIDENTS THIS YEAR

"Let's Make Our Home Safe" might be a good resolution for Lawrence County homemakers to adopt. By practicing safety at all times, they can help to prevent many of the accidents that occur in the home.

Making the home safe is not the responsibility of only the homemaker but every member of the family should assume his share. Everyone should become safety-conscious and cultivate safe habits.

Every year about 30,000 persons are fatally injured in homes throughout the United States and the cost of home accidents amounts to almost \$650,000,000. These are astounding figures and are something every person should strive to reduce.

How can accidents be prevented?

1. Keep the house orderly, putting toys, tools, or equipment in their proper places and keeping them there when not in use.
2. Be careful, thoughtful, and use good judgment when disposing of matches, broken glass, or using poisons, drugs, or insecticides.
3. Use equipment and furnishings that are in good repair. Step-ladders that are sturdy, staff steps that are firm, and tools that are in good condition are highly desirable for safety.
4. Always use the right tool or piece of equipment for the job to be done. Never use a knife instead of a can opener, or a rickety chair for a step-ladder.
5. Provide adequate lighting on stairs and in rooms. Walking around in a room in the dark is dangerous, especially when there are stools or chairs to stumble over.

A number of additional suggestions and recommendations for safety in the home are given in Extension Circular 281, "Practice Safety at Home". Copies of this publication may be obtained free of charge from the Agricultural Extension Office, 206 Post Office building, New Castle.

Small Increase In Living Costs Seen By Bowles

Stabilizer Tells Congress Costs Won't Jump More Than Five Per Cent

WASHINGTON, Feb. 28.—(INS)—Economic Stabilizer Chester Bowles told Congress Wednesday that living costs "certainly" will not increase more than five per cent during the next year.

Bowles said that the estimate of a 10 per cent increase made by Mariner Eccles, Federal Reserve board chairman, was "too high." He added:

"The increase in the cost of living during the next year certainly will not be more than half of that." The economic stabilizer testified before a House civil service subcommittee on proposals for a 20 per cent pay increase for federal employees.

Small Meat Increase
He said retail prices of meat would not increase much as one and one-half per cent as a result of wage rises granted meat packing companies.

Reconversion Director John W. Snyder also testified before a House committee today that there is "no real reason for a material increase" in the cost of living as a result of the administration's new wage-price policy.

Testifying in favor of continuing price control laws for another year, Snyder declared:
"I can see no real reason for a runaway increase in the cost of living at all if we get real co-operation from labor, management and government agencies who administer the program."

Bowles strongly urged that federal employees be granted at least a 20-per cent pay boost although salaried employees in private business were granted an average increase of 34.7 per cent between 1941 and December, 1944.

The economic stabilizer said that

many "able men and women" have left the government because they weren't willing to deprive their families of added income which a similar job in private industry would bring. He added:

"By paying better salaries at all grades from top to bottom we will vastly improve the efficiency of our government and in the end we will save in the bargain."

Bowles also urged that two additional salary grades for federal employees be added above the present maximum grade of \$8,750.

Bowles was asked if he thought the present labor-management disagreements indicated a decrease in the cooperation which the nation had during the war. He replied:
"I think we are having reaction now from all the unity we had during the war. I think we'll go through it all right, though."

Need Help In Many Hospitals Aiding Veterans

PHOENIXVILLE, Pa., Feb. 28.—(INS)—Although the war is over and thousands of G.I.'s are looking for discharges which already have been granted their buddies, other thousands of doughboys will remain in government hospitals for many months until restored to health.

For them, their greatest battle lies ahead—the fight to overcome physical defects received during the service of their country, and to rehabilitate themselves in their old circles.

The Valley Forge General hospital

made this clear in urging qualified persons to take advantage of job openings for mess attendants and hospital attendants at annual salaries ranging from \$1,440 to \$1,572.

The hospital said there are openings for mess attendants, hospital attendants, ward attendants, male attendants for neuropsychiatric patients, and attendants for the nurses' quarters.

Applicants are not required to possess any specific length of experience, but will be given credit for training and experience shown in their application. While there are no maximum age limits, mess attendants must have reached their 16th birthday at the time of filing application, while others must have reached 18.

It's easy to find a bus with vacant seats—but it's always traveling in the wrong direction.

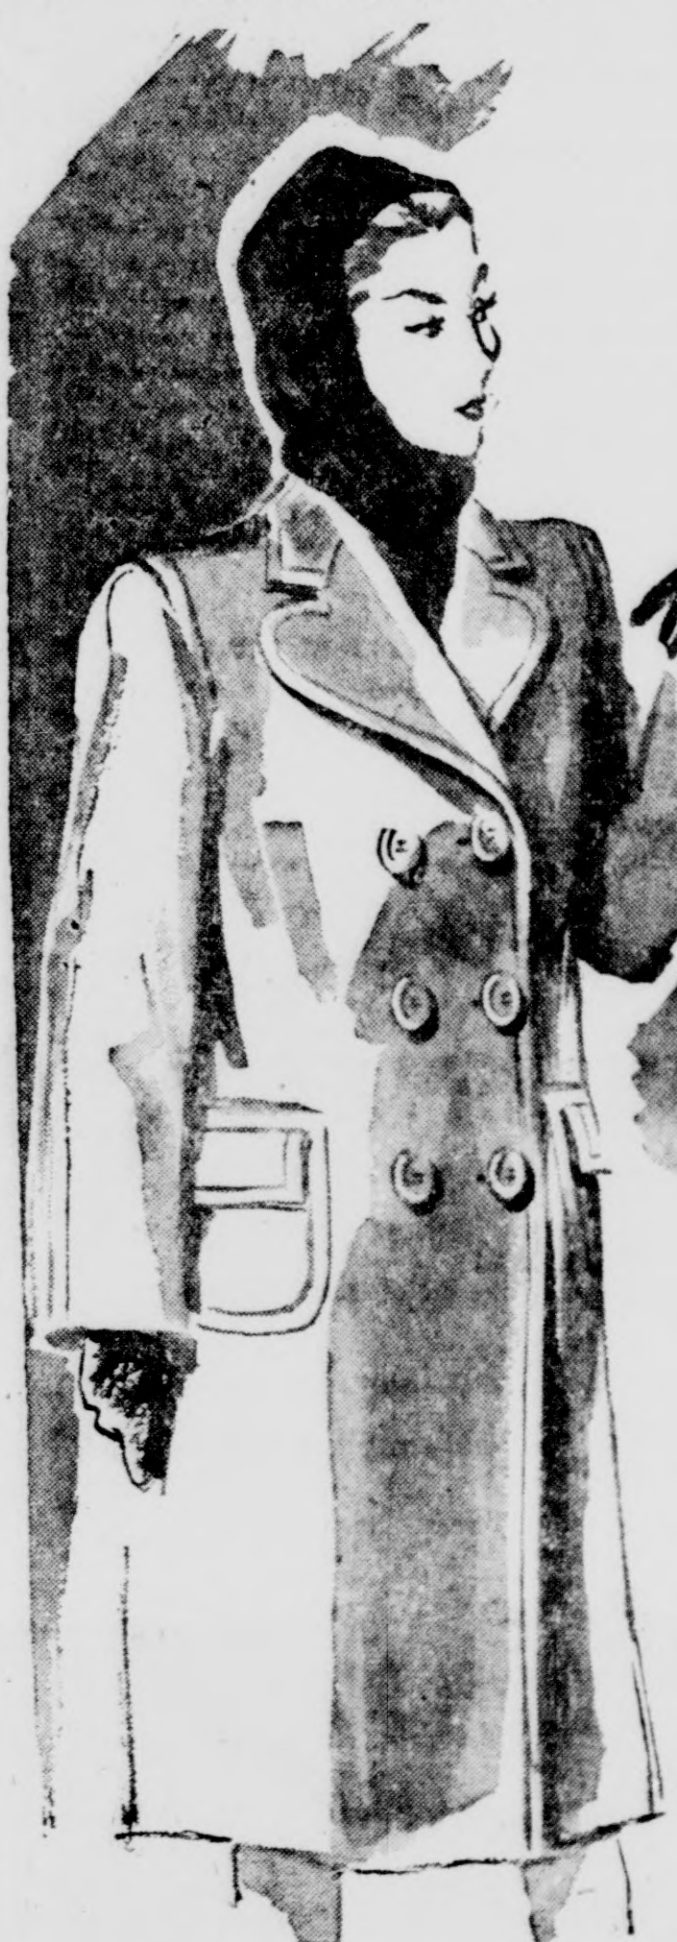

NAMED BY PRESIDENT
WASHINGTON, Feb. 28.—(INS)—President Truman today named Randolph Paul as a special assistant to the President.

Paul, a tax and fiscal expert, will undertake a mission for the State department to conduct negotiations with various European countries on the disposition of external German assets.

The appointment is effective February 28.

Sugar Ration Violations Are To Be Probed

PITTSBURGH, Feb. 28.—(INS)—A federal grand jury investigation of "black market" and violations of sugar ration was ordered by Judge Nelson McVicar.

The probe was directed on evidence secured by U. S. District Attorney George Mashank's office and special agents for the Currency Protection bank of the OPA in Washington. They have been investigating the western Pennsylvania sugar market for three months.

Mashank said he did not know how many persons "might be involved".

This is the first large-scale action undertaken in Pittsburgh since a federal grand jury indicted 25 persons a year ago for "black market" operations in meat.

POPE PIUS GRANTS AUDIENCES TODAY

VATICAN CITY, Feb. 28.—(INS)—Cardinals Edward Mooney of Detroit and Samuel Stritch of Chicago were received by Pope Pius XII today in 15-minute farewell audiences. The Holy Father also granted private audiences to former Postmaster-General James A. Farley and James P. Laub, general secretary of the Knights of Columbus.

The Pontiff spoke briefly to those accompanying the two American cardinals.

Still Seeking To End Motors Strike

Several Vital Issues Remain For Settlement As Strike Enters 100th Day

DETROIT, Feb. 28.—(INS)—The General Motors strike entered its 100th day today, and negotiators met again in an attempt to break a deadlock in settlement of the dispute.

The CIO United Automobile Workers were scheduled to reply to a corporation proposal on vacation pay, one of the three issues that have held negotiations on dead center since last Friday.

The union seeks continuation of the old contract calling for a maximum of 96 hours pay for workers with more than five years seniority. Details of the corporation proposal have not been divulged.

Other clauses on which the disputants were deadlocked are union security and wages. The UAW insists that seniority (union security) shall be the deciding factor in promotions, when other qualifications are equal. GM remained adamant in its opposition.

The union also insists on pay increases of 19½ cents an hour, recommended by President Truman.

The corporation has refused to change its offer of 18½ cents.

Corporation spokesmen said General Motors has agreed to all but three of the union's demands, including maintenance of membership (under which GM employees must keep in good union standing to hold their jobs.)

This Home-Made Cough Syrup Beats Them All

So Easily Mixed! No Cooking. Saves Big Dollars. Real Relief.

Yes indeed, this home-mixed cough syrup, made in your own kitchen, is one of the most effective things ever found for coughs due to colds. It's so easy to mix, a child could do it. And it saves good money, too. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, if desired. Get 2½ ounces of Pinex from your druggist, and put it into a pint bottle. Then fill the pint with your syrup.

Thus you make a pint—a family supply—of really excellent cough medicine. It gives you about four times as much for your money. Tastes fine—children love it—and it never spoils. The way this simple mixture takes right hold of a cough, is truly surprising. It loosens the phlegm, soothes the irritation, eases soreness and difficult breathing, and lets you get restful sleep. You'll swear by it. Pinex is a special compound of proven ingredients, in concentrated form, known for its quick effect on throat and bronchial irritations. Just try it, and if not pleased in every way, your money will be refunded.

Air General Sees Terrible Future Conflict

Lt. Gen. Eaker Says Airplane Will Be Obsolete; Radio Bombs New Weapon

ROCKET BOMBS TO TRAVEL 5,000 MILES

WASHINGTON, Feb. 28.—(INS)—Congress received Wednesday from Lt. Gen. Ira C. Eaker, deputy chief of the Army Air Force, a terrifying picture of a possible future war in 1990 when great American cities will be subject to destruction within a few hours by guided missiles launched 5,000 miles away.

Eaker frankly told a closed session of the House Appropriations Committee that airplanes will probably be obsolete in another 10 to 25 years, replaced by guided missiles equipped possibly with atomic warheads.

The general said that by 1944, the Germans had produced a rocket carrying 2,000 pounds of explosive which traveled 70,000 feet above the earth for 280 miles at 700 miles an hour and landed on British targets with "considerable accuracy."

Eaker added: "By 1990, in my opinion, it will be possible for any of the principal industrial nations of the earth to develop a rocket or guided missile which will travel from 3,000 to 5,000 miles, at 2,000 miles an hour, traveling sufficiently high above the earth to avoid its curvature, and to be delivered with exact accuracy."

"It is also possible that . . . this rocket could include 10 to 20 tons of explosive, traveling at that speed

and distance. It might even include an atomic warhead."

Rep. Cannon (D) Mo., committee chairman, asked Eaker:

"You consider that entirely possible?"

Eaker replied:

"Yes, sir. Until that time comes, the only present means, as I see it, of preventing the launching of any new weapon which the enemy may have, is to destroy it at its point of origin. . . . I personally believe that if war is delayed another 10 to 25 years airplanes may be replaced by guided missiles."

Committee members were frankly amazed at the picture painted by Eaker, former commander of the Eighth Air Force in England. Rep. Ludlow (D) Ind., said it left him "bewildered."

Eaker disclosed, under questioning by Cannon, that these death missiles of the future will be attracted to their destination by the heat of cities, by metal in a city, and by the sound arising from large populated areas and industry.

The general said that the "next aggressor could junk all the armies and the navies and all the air forces today" if he waited before he attacked "until he had enough guided missiles."

In that event, admitted Eaker, he could destroy in a couple of hours, New York, San Francisco, Chicago, St. Louis, Detroit, and all industrial centers.

The wartime commander declared that "we have got to do" at least three things to obtain some measure of future security: (1) Establish "a state department of a caliber that can conduct successful negotiations and keep us out of war"; (2) Create an intelligence organization "so we will know what is going on in any section of the earth"; and (3) "We must have the plants constantly ready within the hour to go."

BUILDERS HAVE FINE MEETING

Initiate Large Class Wednesday Night; Chairman Hayes Given Building For Recreation Site

One of the most interesting meetings of the Order of Builders held in some time took place in the Cathedral Wednesday evening when a large class of candidates was initiated, with a large number of distinguished visitors in attendance.

Among those present was Howard B. Cummings, plant superintendent of the United Engineering & Foundry company, who presented Ralph B. Hayes, chairman of the advisory board, with a building, 12 by 26 feet, which will be used at the recreation center acquired by Mr. Hayes, near Kings Chapel, and which will be used for members of the Builders Order and the Sons of the American Legion. This center contains five acres of ground, on which are being built a tennis court, baseball field and other recreational facilities.

The building was hauled to the site by Sam Mooney of Mooney Brothers, and is now in place. Presentation of a flag 8 by 12 feet for the recreation field was made by C. E. Green of Lincoln avenue. Commander Hyman A. Frank and

Past Commanders Robert Adams and Harold Sampson were also present, and pledged the support of the Legion of Honor in their activities.

A fine report was given on the recent dance of the Builders.

One of the features of the meeting was a piano solo by Kenneth Kerr, a new member of the order.

Arthur E. Doult To Re-Enter Service

Arthur E. Doult, pharmacists mate 3-c, accompanied by his wife, nee Gloria Laughlin Doult, has arrived home from Norfolk, Va., where he has been stationed with the U. S. Navy, on a 45-day leave.

Pharmacists' Mate Doult, who has spent three years in the service, is the son of Mr. and Mrs. Arthur A. Doult, of 309 South Crawford avenue. He has just re-enlisted for two more years of service, and will return to Norfolk at the expiration of his leave.

In some sections of the county the weather has been so mild that folks fear the first mosquito will get there before the first robin.

To Quiz Byrnes On World Affairs

Military Affairs Committee Asks Secretary To Appear For Discussion

WASHINGTON, Feb. 28.—(INS)—Secretary of State Byrnes was asked Wednesday to appear before the House Military Affairs Committee for a discussion of world affairs.

It was expected that the Cabinet official will be asked to disclose to the committee any secret commitments with foreign nations which may have not yet been made public.

Rep. May (D) Ky., committee chairman, announced that Byrnes and other representatives of the State Department would testify, largely at the insistence of Republican members.

Byrnes will be asked specifically to testify on a resolution sponsored by Rep. Martin (R) Mass., House minority leader. The resolution requests President Truman to open negotiations with other nations and

through the United Nations for an international ban on compulsory peace-time military service and for a reduction in armaments.

Meanwhile, two Democratic senators—Hoev, N. C. and Tydings, Md.—threw their support behind the Martin resolution, hearings on which opened this morning.

Martin told the committee that the two senators desired to testify for the resolution.

The G. O. P. leader was ques-

tioned at length by both Democratic and Republican members as to Russia's possible attitude toward an American invitation to reduce armaments.

HORSHAM—Stanton Allen did not hesitate to rescue five-year-old Eugene Whiteside who was stuck in a well, but imagine his chagrin when he found himself in the same predicament when he attempted to return to ground level.

Temple Israel Friday Services

Regular Sabbath services will be held at Temple Israel on Friday evening, March 1, at 8 o'clock. Dr. Iwan J. Gruen, rabbi of the congregation, will preach and his topic will be "The Need for Self-Control."

Over 500,000 Have Enlisted

Recruiting Program Of Army Shows Large Num- ber Voluntarily En- tering Service

WASHINGTON, Feb. 28.—(INS)—Army statistics showed today that the most successful enlistment program in American history is overshadowed by even more record-breaking demobilization.

Latest figures show that during February the 500 thousandth volunteer walked into the army as the six millionth soldier walked out. The army has dwindled during the last nine months from its peak strength of 8,300,000 to about three million. A table of army discharges, enlistments and inductions follows:

During May, 1945, 102,830 men were inducted; June, 102,264; July, 89,349; August, 63,940; Sept., 48,485; Oct., 37,158; Nov., 32,927; Dec., 20,600; Jan., an estimated 36,000.

Discharges from VE day through May 31 totaled 56,000; during June, 166,000; July, 164,000; Aug., 205,000; Sept., 397,000; Oct., 1,270,000; Nov., 1,186,000; Dec., 1,112,000, and Jan., 938,000.

Enlistments reached 43,566 from early October through Oct. 21. They increased during November by 218,139; Dec., 130,984; Jan., 113,454; Feb. 7, 28,385.

War department spokesman pointed out that the total 534,528 who signed up as "guardians of victory" does not include volunteers in overseas theaters.

Even though the recruiting campaign did not get under way until well into October, more men already have volunteered than were serving in the army at its peak strength when Pearl Harbor was attacked.

Y.W.C.A. NOTES

Shenango Club Project
Girl Reserves of Shenango township high school are continuing their project of supplying Bibles for home rooms by purchasing the books for the three home rooms at Castlewood, according to Miss Frances Boozer, Shenango Girl Reserve advisor. Bibles have already been provided for the twelve grades at Shenango school.

The girls of the club are also organizing a basketball team.

SHENANGO FIREMEN WILL MEET FRIDAY

Shenango volunteer firemen will meet Friday evening, March 1, at 7:30 in the firehall, when special business will be brought up for discussion, announces Ed Dean, Shenango fire chief.

GIRL SCOUTS

Troop 3
Troop 3 met Wednesday evening at the First Christian church. The meeting was opened with the flag ceremony. Patrol corners were then held followed by badge activities. Discussion group was later held at which time it was announced the Court of Awards would be held March 13, during National Girl Scout Week. Several interesting skits on the Girl Scout Laws were presented by the Tenderfoot girls, Patty Cameron, Donna Onasch, Dorothy Heasley, Elaine DeRekos, Shirley Parkes and Margaret McWilliams and Barbara Wagner demonstrated some snappy baton twirling. The meeting was dismissed with the Girl Scout benediction.

Word has been received in this city of the birth of a son in the Valley hospital, Sewickley, to Mr. and Mrs. Allen Atwater of Coraopolis, on February 26. Mrs. Atwater is the daughter of Mr. and Mrs. P. Zimmerly, 130 Park avenue.

With New Castle Afro-Americans

Sunshine Kensington club met recently, with Mrs. Alice Taylor, Shady Side. After devotions and a short business meeting, the evening was spent socially. At a suitable hour, the hostess assisted by Mrs. Sarah Thomas and Mrs. McHenry, served a dainty buffet lunch. The club will meet next with Mrs. Richardson, West North street.

Beginning Monday evening at 7:45 o'clock services will be held nightly at the Church of God, 1021 Moravia street, by Rev. A. M. O'Neil, accordion player, gospel singer and preacher, of Buffalo, N. Y.

BOY SCOUTS

Tests For Troop 6
Boy Scout troop 6 met at the Croton avenue Methodist church last night, with several of the members passing tests in compass, pacing, etc.

Following the tests there were organized games and a show put on by the Wolf patrol.

Mrs. Mattie Huff, 412 Epworth street, who has been confined to her home the past several months with illness, shows no improvement in her condition.

SHENANGO STUDENTS PLAN FRIDAY PARTY

Members of the Shenango high school band and orchestra will compete with each other at a basketball party in the gymnasium of the

school Friday evening at eight o'clock.

The students will form teams, with the girls opposing the boys. Refreshments will be served after the games.

Mrs. Irene Maslyk and infant son of Huey street have returned to their home from the Jameson Memorial hospital.

Mr. and Mrs. Otto K. Lynch and daughter of Warren, Pa., are visit-

ing with his mother and sister Mar. Elizabeth Lynch and Mrs. Lucille Dudgeon of Newhannock avenue extension. Mr. Lynch is a former sergeant with the air force, discharged after 13½ months overseas at Harmon field, Guam.

PIN-WORMS GO! New Treatment Gets Real Results

Don't let your child suffer the torment of Pin-Worms! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. So watch for the warning signs, especially the embarrassing rectal itch. Get JAYNE'S P.W. right away and follow the directions. These small, easy-to-use tablets were developed after years of patient research in the laboratories of Dr. D. Jayne & Son to act in a special way to remove Pin-Worms. It's easy to remember: P.W. for Pin-Worms!

T-5 Willis V. Alley, 21 Bluff street, S-Sgt. Boyd A. Bosley, box 15, Wood City, received his honorable discharge from the armed forces at the Indianopolis Gap center February 26.

Pfc. Thomas R. Finerock, of 601 Superior street, received word that by his wife, Mrs. T. R. Finerock, Pfc. Finerock who was promoted from the rank of private, is the son of Mr. and Mrs. B. M. Finerock, of this city. He is now assigned to the U. S. Army Signal Corps, and has been transferred from the infantry. The young man has been in the service for 11 months, but just left for overseas duty.

Bombing Vet In Atom Tests

ROSWELL, N. M., Feb. 28.—A former bomber who sank the battleship New Jersey in an experiment 25 years ago today is playing a vital role in the forthcoming atomic test against the fleet. He is Lieut. Col. Ulysses S. Nero of Chesapeake City Md. A native of Philadelphia, at present he is training crews for Superforts and other planes to be used in Pacific atomic bomb tests in May.

Nero was an enlisted man a quarter century ago and served as bombardier for the late Brig. Gen. William "Billy" Mitchell in tests against subs and other fleet units in Atlantic after the first world conflict.

Trinity Guild To Have Family Party

Preparations have been completed by Trinity Junior guild members of Trinity Episcopal church for a family night party Friday evening, March 1, at the church, corner of North Mill and East Falls streets. Highlight of the evening will be the presentation of a three act play, entitled "The Boy Who Discovered Easter", at 8:15 o'clock. This feature is being presented under the direction of Mrs. John W. McCracken and Miss Margaret Louise McCracken. After the entertainment, there will be a social period.

Armless, Legless Veteran Driving Special Auto

BATTLE CREEK, Mich., Feb. 28.—(INS)—Master Sgt. Frederick Hensel, 27, of Corbin, Ky., his wife and an army buddy were enroute to Salem, Ind., today in Hensel's new automobile, with the armless and legless veteran doing some of the driving.

Hensel lost both arms and legs in combat, the only living quadruple amputee of the war. The car, which he purchased yesterday, is equipped so he can drive it. It contains rings for lifting himself by his arm hooks and the accelerator is controlled by the right knee—his best leg.

Two State Employees Victims Of Holdup

HARRISBURG, Feb. 28.—(INS)—State police were searching today for a highwayman who held up two state employees when they stopped to fix a flat tire near Hummelstown.

Police said H. H. Kamm of Paxtang surrendered his wallet, while P. Bruce Dunlap of Camp Hill fled when the bandit flourished a pistol. Dunlap, director of the welfare department's bureau of institutional management, ignored the gunman.

RED—ITCHY—SCALY ECZEMA

Doctor's 'Invisible' Liquid Promptly Relieves Torture! First applications of wonderful soothing medicated Zemo—a doctor's formula—promptly relieve the itching and burning and also help heal the red, scaly skin. Amazingly successful for over 35 years! and fled to a service station and summoned help. Kamm, whose wallet contained \$2 and personal papers, is a welfare department engineer. Police said the men reported they had been returning to the capital city from Lebanon when the hold-up occurred.

Safety Program At West Side School

"Watch Turning Cars" is the slogan of the pupils for this week at the West Side grade school, in their weekly slogan contest which is being carried out in the school.

Tuesday at the school a safety program was put on by grade 1-2 taught by Miss Betty Brown, with emphasis placed on the caution that must be exercised by the boys and girls as they cross the streets. A demonstration was conducted showing how a small boy could easily be hit by an oncoming car.

Following the demonstration, a group of children, portraying Mother Goose characters, acted out rhymes of safety, with the theme of the week being impressed on each student of the school.

One charge declares there are 1-2-3 foreign spies in North America. What we want to know is where do they find a place to stay.

West Pittsburgh

S-Sgt. Emil Clonni, son of Mr. and Mrs. Umberto Clonni of Twelfth Street has been discharged from the United States Army. He was with the Medical Corp and served in England, France and Belgium.

Rev. Father Sylvester Doyle, who has been the pastor of the Holy Cross church for the past three years, has been transferred to a Pittsburgh parish. In appreciation for Father Doyle's interest and good works in the church, the Ladies Altar Society presented him with a going away gift upon his departure Sunday, February 24. Father Doyle will be missed by his parishioners and they all wish him success in his new parish.

Mr. and Mrs. Jack Burich were Sunday visitors at the home of Misses Elizabeth and Audrey Zahacki of Ellwood City.

Mrs. Joseph Kapraly of 12th Street is reported to be ill. Mrs. Nick Santangelo and daughter have departed for Kansas to join her husband, Sgt. Nick Santangelo.

Mrs. Marko Horvath is confined to her home with illness. Miss Esther Burich who is employed in Cleveland, spent the weekend at home.

Mr. and Mrs. John Bender, of New Castle were week-end visitors

at Mrs. Bender's parents, Mr. and Mrs. Andrew Lazar of Ninth street. Mrs. George Vukovich, of 11th street, is confined to her bed with illness.

BELL ENDORSES DUFF

HARRISBURG, Feb. 28.—(INS)—A demand that the Republicans revitalize and humanize the party was issued today by Lt. Gov. John C. Bell, Jr., after refusing to enter the GCP gubernatorial contest. Bell endorsed Attorney General James H. Duff for the gubernatorial post.

More Charges Against Pauley

WASHINGTON, Feb. 28.—(INS)—William A. Patterson, president of United Airlines, Wednesday condemned a charge that Edwin W. Pauley urged him to make a \$35,000 Democratic campaign contribution in 1944 over Patterson's objections that it would be illegal.

Patterson testified he talked to Pauley by telephone on Oct. 30, 1944 after already having told George Kilgore, assistant to the Democratic national treasurer, that such a contribution would violate the law.

The airline executive said he refused, informing Pauley he was not going to risk the reputation of his company for the Democratic party or the Republican party.

Four States Ask Congress To Kill St. Lawrence Plan

Business Representatives Call Seaway, Power Project 'Huge Waste Of Funds'

WASHINGTON, Feb. 28.—(INS)—Representatives of New York, Pennsylvania, Maryland and Virginia business interests Wednesday asked Congress to kill the St. Lawrence seaway and power project.

They described the proposal as "a huge waste of public funds." Among those submitting prepared statements to the Senate Foreign Relations subcommittee considering the St. Lawrence seaway were Frederick W. Burton and Charles L. Raper for the Rochester and Syracuse, N. Y., Chambers of Commerce.

Both men denied there was any shortage of electric power in New York State that would justify the construction of the St. Lawrence power development, Raper added.

Waste Of Money
"To spend a great amount of taxpayer's money for more transportation seems to us indefensible. The government would not only be wasting public money but also would be settling up unfair competition for existing private carriers."

Dr. Julius H. Parmelee of the Association of American Railroads agreed that the seaway would be discriminatory against other means of transportation.

He estimated the annual cost to the taxpayer of the seaway at 20 million dollars and commented that the United States would be getting:

"A part time transportation facility with a maximum capacity of 19 million tons of United States

freight per year, or an investment of \$40 per ton of annual capacity."

To Affect Ports
G. H. Pouder of the Baltimore, Md., Association of Commerce, and Harry E. Katner, Virginia Port Authority, asserted in statements prepared for delivery that Baltimore and Norfolk port activities would be seriously affected by the seaway.

Norman Burton, speaking for the Anthracite Institute, said in a prepared statement that the cheap transportation provided by the seaway for anthracite from overseas would "have a most serious adverse effect on the employment and living standards in the anthracite producing regions" in Pennsylvania.

Wage Agreements Must Precede Price Increases

WASHINGTON, Feb. 28.—(INS)—Economic Stabilizer Chester Bowles declared that the government will not grant wage and price adjustments "on a bargain counter basis."

Bowles said in a statement that there are indications that some industries are insisting on specific price adjustments or promises of adjustments in advance of wage agreements. He declared:

"The government cannot be a party to economic horse-trading."

After a long career the old senator suddenly resigned in mid-term, broken-hearted. It seems that at the finish of his final filibuster he suddenly discovered he had successfully filibustered against his own bill.

Mission Pictures At Cathedral Tonight

Motion Pictures Depicting Pagan Customs In Many Lands To Be Shown By Rev. Burris

Depicting heathen customs in Africa, India, Malay and Siam, motion pictures of these countries and continents, will be shown by Rev. Jackie Burris, in the 7:30 o'clock service in the Cathedral auditorium tonight.

Rev. Burris, who has made a world tour of mission stations, will couple with the motion pictures, his message entitled, "How America Is Fast Becoming a Pagan Nation", comparing many customs practiced in "Christian" America with those still carried on in heathen lands.

A special musical program, entitled, "Music of the Nations" will be presented by the Musical Messengers with the girls singing in Swedish and the Czechoslovakian languages during the service.

Another vast audience attended Wednesday evening's service to see and hear Rev. Burris' message on God's Lighthouse using various scenes and several persons to carry out the thought of the message. The evangelist likened this life to that of a sea voyage with its many pitfalls and storms, unless caution is taken in traveling.

The illustrated sermon on Friday evening, will be the last of the week in the Cathedral, with the last week of the meetings opening Sunday in the North Hill auditorium at 2:30 p. m.

Filibustering isn't what it used to be, Grandpappy Jenkins says. But he doesn't know where to place the blame—or, rather, the credit.

Many Veterans With No Job But Here's Job With No Veteran

In spite of the many hundreds of veterans registered for employment at the local U. S. Employment Service office, the office is having trouble finding one man or woman qualified to fill one job—that of medical laboratory technician.

Many veterans were in the medical corps, some of them as surgical technicians, but none of the ones yet contacted have had the necessary qualifications to work as laboratory technicians. The job explains the U. S. E. S., calls for someone who can make basal metabolism tests as well as blood and urinal analysis. Most medical technicians, at least those who have been in the employment office, are not qualified for these jobs.

Fox Observes Some Signs Of Spring

Among his observations at Gaston Park, Owen Fox, city forester, says that the pussy willows are getting quite large and beginning to pop.

On Saturday he saw a "wooly bear" caterpillar crawling on the trunk of an oak tree, untouched by the birds, who possibly dislike contacting the prickly stiff hairs protruding from its body, resembling in a minute manner the quills of a porcupine. The only known enemy that will "down them" is the garter snake.

Parasites, the size of a grain of rice, in the fall will attach themselves to the "wooly bear" and eat their way into the body of the crawler, eventually leaving nothing but the body shell and hair.

Sgt. Thomas Fazzone Receives Discharge

Eighth Air Force Service Man Arrives Home Following 31 Months Overseas

Sgt. Thomas Fazzone, son of Mrs. Mary Fazzone, of 708 Canyon street, was discharged from his service with the U. S. Army Eighth Air Force, two and a half years being spent overseas in England.

Sgt. Fazzone entered the service January 1943, and received his basic training at St. Petersburg, Fla. He later attended the Administrative School at State College, South Dakota, and shortly afterwards in

November 1943, departed for overseas.

While in England for thirty-one months, Sgt. Fazzone was attached to the Headquarters and Headquarters Squadron with the Eighth Air Force, and among his many interesting experiences in England, were the buzz bomb raids near his station.

During his furlough periods the young Air Force service man, visited in Paris, Scotland, Rome and other famous cities.

Sgt. Fazzone, son of Mrs. Mary Fazzone, of 708 Canyon street, was associated with the Superior Part Service company, and following a rest period here, will resume his civilian duties here.

Mrs. Roosevelt In Conferences

WASHINGTON, Feb. 28.—(INS)—Mrs. Franklin D. Roosevelt returned to the White House Wednesday for a brief conference with President Truman and then walked across the street to the state department for a short visit with Secretary Byrnes.

The former first lady was a delegate to the recent United Nations conference in London and it is believed she gave her personal report to the president and secretary.

Mrs. Roosevelt excused herself from reporters, saying she was in a hurry to catch a plane.

OPA FUNDS CUT BY SENATE VOTE

OPA Looks To Senate-House Conference Action To Restore 50 Per Cent Cut

WASHINGTON, Feb. 28.—(INS)—The OPA was left today with the slim hope of Senate-House conference action to restore a 50 per cent Senate cut in the price control agency's deficiency funds for the fiscal year 1946.

By a clear-cut 45 to 25 vote, the Senate upheld an appropriations committee slash in OPA funds from \$1,854,000 to \$927,000.

Majority Leader Barkley said it was possible that the House which originally voted the large sum might insist on it in conference, thus forcing the Senate to agree to restore some or all of the cut.

The Senate also put the spokes in another administration program, endorsing a 50 per cent committee cut in funds requested by the civilian production administration to continue priorities controls on scarce materials.

The CPA asked \$1,500,000 to carry on until June 30, 1946. The Senate gave it \$750,000.

Says Nazi Groups Must Be Condemned

Chief U. S. Prosecutor Jackson Outlines Position To War Crimes Tribunal

NUERNBERG, Feb. 28.—(INS)—Chief U. S. Prosecutor Robert H. Jackson told the war crimes tribunal today that failure to condemn the Gestapo, SS and other Nazi groups "can only mean the acts of the Nazi regime are not considered criminal."

The supreme court justice asked that the organizations be declared criminal in order to permit trial of their individual members by courts of localities where the Nazi horrors were perpetrated.

Jackson said such a ruling by the war crimes tribunal would give each individual tried at the discretion of local courts a chance to prove his innocence.

Will Have Vital Bearing
He suggested that rather than hear all 45,000 applications from organization members who "only want to disprove their own guilt," the Allied tribunal pick those whose testimony is relevant to the criminality of entire organization.

Said Jackson:
"The tribunal's declaring or failing to declare the organizations criminal will have a vital bearing on the future occupation policy."

"Some concern has been expressed as to the number of persons affected. Some people seem more susceptible to the shock of a million punishments than to the shock of five million murders."

New York has less than one million Anglo-Saxon Americans. The rest are Germans, Italians, Negroes, Jews, Russians, Poles, Irish, Austrians and a dozen other races. The melting pot melts slowly.

Photographs of British war babies arriving in the United States show many of the youngsters weeping lustily. We make the prediction it won't be long until the tots change their minds about their new homeland.

The temperature of Siberia is growing warmer. However, it's still a long way from taking its place as an ideal winter resort.

Wife Of Soldier Discharged Yesterday Accused Of Taking \$4,000 Bank Funds

CAMBRIDGE, Mass., Feb. 28.—(INS)—Sgt. Louis Spitaleri raised \$5,000 bail today for his pretty, 21-year-old bride of two months, who is in East Cambridge jail charged with larceny of \$4,000 from a Dublin, Ga., bank.

Spitaleri, discharged from the army yesterday at Ft. Devens, was stunned to learn of his wife's difficulties. He said he would "do what any man does when the girl he loves is in a tough spot."

Mrs. Martha Carol Alken Spitaleri, former bank teller, teacher and radio announcer, was arrested in a downtown hotel by FBI agents. They said she took the \$4,000 last Monday from the Citizens and Southern bank in her home town of Dublin, Ga.

E. A. Soucy, Boston FBI agent, said Martha had \$3,800 in her possession when she was arrested. He declared that she hadn't even counted the money she took until she was on the train en route to Boston to meet her husband.

Martha, who insisted that she didn't even know why she stole the pile of bills while visiting friends at the bank, was held for hearing March 6, pending arrival of papers for her removal to Georgia.

Maybe our larynxes have become softies because with the advent of radio we have become a nation of listeners and not talkers.

War End Adds New Duties to Red Cross

Armed Forces, Wounded, Veterans, Still Need Many Services

Services to occupation forces, services to the thousands of hospitalized soldiers and sailors, and services to veterans—"the three continuing battle fronts" of the American Red Cross—were not diminished but highlighted and intensified by VE Day and VJ Day, symbols of war's end for the nation.

In the years 1941 to 1945 American Red Cross Services to the Armed Forces became the most extensive operation of its kind in the history of the organization. At the close of hostilities it had nearly 9,500 workers overseas engaged in welfare, hospital, club, and canteen work, besides more than 9,000 in the United States. The Red Cross was operating 820 clubs and rest homes, with no immediate letup in the need for them in sight.

After cessation of hostilities in Europe the need for Red Cross continuance there became abundantly clear. And in the Pacific the recreation problem for American forces is even greater than that in Europe. Few islands offer anything in the way of amusement, American style.

For these three—Your Red Cross must carry on!

Water Safety Cuts Drowning Rate

Working toward a goal of "waterproofing" America by making every American a swimmer and every swimmer a life saver, American Red Cross chapters are prepared to provide training for children and adults at camps, schools, recreation centers, and among community organizations.

Since the Red Cross water safety service was inaugurated in 1914 more than four million certificates have been issued for courses completed. Last year 406,000 were earned, more than in any single year previously. Members of the armed forces received 116,000 certificates.

The Red Cross view that swimming is important to health and safety, as well as of high recreational value, has contributed to the fact that the drowning rate in the United States has been cut in half since 1914 even though the number of persons who swim has increased many, many times.

War Accents Peace Value Of First Aid

Valued by millions because of its wartime role in curtailing accidental death and injury, first aid training is now a vital part of America's peacetime safety program.

The heavy toll of accidents, especially on the highway, since hostilities ended points to an increasing need for widespread knowledge of proper emergency care of the injured. A new Red Cross first aid textbook, based on latest advances in medical science, was published in November and is now being used in first aid courses by chapters throughout the nation. Prepared by recognized medical authorities, the new textbook is a complete revision of the previous edition and contains the most up-to-date material on first aid care.

The Red Cross first aid service is expanding its program particularly in industry, on the highways, and in the schools and colleges, national headquarters in Washington announced recently.

Through its chapters and areas Red Cross is providing large-scale first aid training in industry, where it proved its worth in cutting lost-time accident rates in war plants throughout the nation. First aid detachments organized and maintained during the war are in many instances serving as a nucleus for training programs among industrial firms and in high schools.

During September 1945—the first full month following removal of wartime restrictions on gasoline—nation-wide traffic fatalities showed an increase of 40 percent over September 1944, a fact clearly indicating the immediate need for expansion of highway first aid activities.

Reaching out especially into rural areas where medical attention often is not easily or quickly available, a vast network of more than 2,000 highway first aid stations and a fleet of approximately 10,000 mobile first aid units are now in operation.

Santa in Boxes

In the past school year American Junior Red Cross members filled 330,000 gift boxes for children overseas. These boxes contain toys, health items, and simple school supplies.

Calling All Campaign Workers!

Harvey D. Gibson, national chairman of the 1946 Red Cross Fund appeal, this week called upon all campaign workers in chapters to unite in an undiminished effort to raise the \$100,000,000 required in what he described as the most important peace-time fund raising effort in Red Cross history. Mr. Gibson, nationally known financier and philanthropist, served from August 1942 to May 1945 as American Red Cross Commissioner to Great Britain, and Western Europe.

"Together we toiled through four bitter years of conflict to carry Red Cross services to our valiant fighting forces throughout the world," said Mr. Gibson. "We have seen that job accomplished, thanks to the unflinching support of the American people. Today we face another equally important task, if not in fact more difficult, by reason of the transition from war to peace. It is the obligation and responsibility of every chapter worker to see that the services of the Red Cross to our veterans—to our men still overseas—to the wounded in our hospitals—continue for as long as these needs exist."

"The campaign objective of \$100,000,000 represents an absolute minimum. Provided the opportunity to participate is extended to the entire citizenship, I am fully confident that the goal will be achieved."

Nurse's Aides Fill Vital Need in Emergencies

Since July 1941 the American Red Cross has trained 211,528 nurse's aides. Serving in hospitals, clinics, and public health centers during the war when these institutions were understaffed, this program was carried by 1,303 chapters throughout the country, with 2,239 hospitals cooperating by giving the necessary training.

Nurse's aides have made a place for themselves by doing the dull, routine drudgery of hospital work voluntarily and cheerfully, meeting their pledge for service without faltering. Their record during the desperate nursing shortage has been highly praised by the medical and nursing professions.

The war experience demonstrated the worth of nurse's aides as a service which the Red Cross deems too valuable to be dropped as long as any need exists. Consequently, national headquarters has made provision for the Volunteer Nurse's Aide Corps to be divided into active and reserve units.

The active unit will continue under the same regulations as heretofore, with each aide giving at least 150 hours of volunteer service annually. The reserve unit will serve in communities where nursing needs have diminished since the peak of war emergency, and will include aides who can give only 50 hours of service annually.

Accidents Claim Huge Death Toll

Accidents—consistently ranked fifth as a cause of death in the United States—no longer can be looked upon as "just happening," declares the accident prevention service of the American Red Cross. Hazards, most of which could be eliminated, annually help cause fatalities exceeding in number only by those due to heart disease, cancer, cerebral hemorrhage, and nephritis.

Home mishaps last year took the lives of 32,000 persons, more than one-third of the national total accidental death toll for the period, according to the Red Cross. In addition, 4,800,000 persons were injured during the same period. Virtually all of these fatalities and injuries could have been prevented.

In one year farm work accidents took the lives of 4,300, more than were killed in any other major industry in that time.

The Red Cross, through its accident prevention service, conducts a systematic educational program for adults and young people to show how mishaps can be avoided.

An A-1 Job

For persons suffering building losses in disasters during 1944-45 the Red Cross obtained priorities for release of 44,330,000 board feet of lumber having an approximate value of \$3,626,000. Priorities for shingles, steel, screen wire, plumbing, and other equipment were also obtained for disaster victims.

First Aid Need Grows Steadily

"Wartime emphasis on widespread first aid training must not be allowed to weaken in peacetime," Mrs. Plummer D. Gibson, first aid chairman of the Lawrence County Chapter, American Red Cross, declared today. "During the war many persons who had not previously given it thought came to realize the importance of immediate and proper application of first aid."

Reconversion, bringing new men into new plants or into plants where new techniques were introduced during the war, will create an increasing demand for Red Cross first aid instruction, she said, pointing out that classes are offered by the chapter's first aid service.

In its constant effort to keep first aid training up to the minute the Red Cross has recently published a new textbook, based largely on wartime advances in medical science, with important changes in emergency care of shock, bleeding, and burns.

"A knowledge of first aid is vital to the welfare of every home and business," Mrs. Gibson emphasized. "The Lawrence County Red Cross Chapter is now expanding its schedule of classes to make this vital information available and interesting to every citizen of the community."

Classes Teach Health in Home

With easing of war-caused shortages good homemakers will be able to devote more time and knowledge than ever toward protecting the health of their homes, Mrs. William Cosel, chairman of the Lawrence County Red Cross Chapter nutrition committee, predicts.

"Good food means good health," she said, stressing the fact the Red Cross nutrition program is designed to bring information about foods available in special localities.

Experience during the war proved, according to Mrs. Cosel, that ingenuity in use of foods not only provides better nutrition for the family but a more interesting job for the homemaker. Nutrition classes, steadily gaining in popularity, will be continued by the Lawrence County Red Cross Chapter.

Equally alert in guarding community health are the women taking part in the Red Cross home nursing program, declares Mrs. J. Glenn Berry, home nursing committee chairman.

In classes offered by the local chapter 1200 women have learned how to give simple care to the ill and prevent the spread of disease to well members of their families, Mrs. Berry pointed out.

War is Never Over for the RED CROSS

They need your Red Cross today—and for many tomorrows!

They lie in hospitals, thousands of America's finest, sick, blinded, cruelly maimed in the fight for our freedom. Who is to write their letters, hear their troubles, answer when they call for "Mom"? Mom can't be there. But your Red Cross can, AND MUST be there.

Many thousands more young Americans are still overseas. They, too, count on the Red Cross for comfort and cheer in the long, weary months of waiting to come home to you.

And whenever, wherever disaster strikes here in America—fire, flood, tornado, famine.

—Your Red Cross must be ready with aid for the victims. It must feed and shelter those left hungry and homeless, and when the first shock of emergency is over, take up the long, arduous work of rehabilitation.

Yes, there's a big job still to be done. Is it too big? Not for the Red Cross. Not for you—because you ARE the Red Cross.

Give generously. Give NOW. Give a little MORE than you think you can afford. Remember this is your chance to say, "Thanks! Thanks, Soldier, for all you've done!"

YOUR RED CROSS MUST CARRY ON . . .

Veterans Cheer; Dehydrated Foods On Their Way Out

STATE COLLEGE, Pa., Feb. 28.—World War II veterans were cheered today by the report that some dehydrated foods, vegetables especially, are on their way out.

Miss Lydia Tarrant, extension nutritionist at the Pennsylvania State College, expressed the belief that many dehydrated vegetables had served their purpose, and few, if any, would find their way to peacetime dinner tables.

Instead, Miss Tarrant looks for freezing, canning and possibly the new process of anhydration to supplant commercially dehydrated foods in the public esteem. B-rations users will be particularly pleased by this news, Miss Tarrant hinted.

She indicated that dehydration was adopted during the war mainly because it enabled the service to conserve shipping space, even though this process is known to result in a change of taste and appearance in many foods. Freezing, on the other hand, is a simple process that already is widely used.

The anhydrous method, only recently discovered, is reported to cause little change in taste and color and because it eliminates much of the bulkiness of food, Miss Tarrant expects it to become very popular.

Assistant Secretary Of State Is Named

WASHINGTON, Feb. 28.—(INS)—President Truman on Wednesday nominated Maj. Gen. John H. Hilldring of New Rochelle, N. Y., to be an assistant secretary of state. Hilldring served as director of the civil affairs division since April, 1943. He was awarded an oak leaf cluster to his Distinguished Service Medal for performance of that duty. The 51-year-old major general earned his first DSM as assistant chief of staff, War Department personnel division, from January, 1942, to June 30, 1942.

Pvt. John Bunemann Has Army Discharge

Receiving his honorable discharge at Camp Atterbury, Indiana, Pvt. John Bunemann Jr. has completed three years and four months of service with the Army.

Pvt. Bunemann has just returned from a five months tour of duty in the Pacific, having been engaged in varied duties, including work in the Station hospital, with his principal duties being with the railway detachment.

A brother, S-1-c Harold Bunemann, has recently concluded a 30-day furlough at his home, following the decommissioning of his ship, the USS Tarazed, on January 5.

He has returned to Norfolk, Va., where he has been assigned to the USS Shelikof. Seaman Bunemann has been in the Navy two years. Both are the sons of Mr. and Mrs. John Bunemann of 105 rear Richieu avenue.

Small Machine Shops Reconvert

PHILADELPHIA, Feb. 28.—(INS)—The little machine shops spawned in cellars and garages during the war years are reconvert along with big industry and plan to be even more active in peacetime.

This was indicated following a survey of numerous such shops throughout the Philadelphia area. Among them, one subcontractor planned to make lawn mower parts, and two radio "hams" who started out with a hobby are now directing an enterprise employing 110.

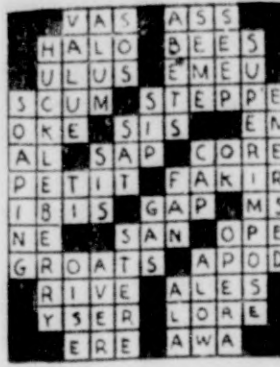

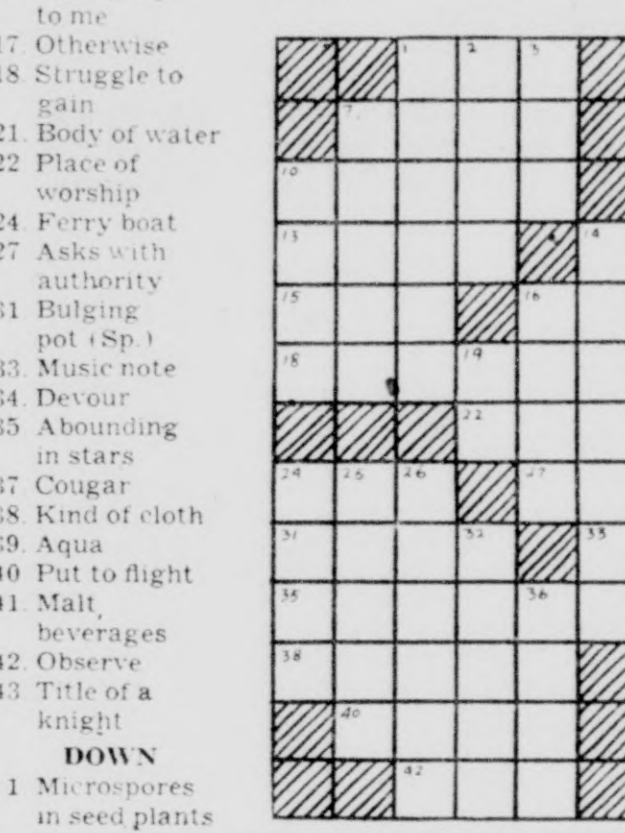

Robert A. Davis, proprietor of a machine shop housed in the small garage behind his home in Edgemont, quit his job in 1942 and began making valve handles for the government.

His war-stimulated business grew rapidly until V-J Day when contract terminations put a crimp into his earnings. However, he is back in full swing making lawn mower parts, and employs three other workers.

One in every 200 persons in the United States has diabetes.
